Natural Buffer Areas Policy Statement

The following is the policy statement of the District as it regards the natural tree protection, wetland and upland buffer areas that are scattered in large numbers throughout the Community. The policy statement is consistent with the policies of other governments including Sarasota County, and Southwest Florida Water Management District (SWFWMD) as it regards their natural, conservation tree protection and wetland conservation/preservation areas:

The natural areas are not intended to be maintained. These areas are to be left untouched to allow for nature to take its normal course. Vegetation that dies including, but not limited to trees, are left to fulfill their role in nature's process.

Trees, within or immediately adjacent to these areas that have died and appear to pose

a threat of falling and damaging an abutting property owner's property may be addressed as follows: Such abutting property owner must initially contact the District. The District will send a representative to confirm that the tree in question is located on District property. Once confirmed, the District will send an arborist to determine whether the tree poses a hazard. If so, and at its discretion, the District will remedy the situation by removing the tree or a portion thereof. If it is determined that the tree does not pose a hazard, the property owner may elect to cut or remove the tree at their own expense. Such abutting property owner must secure permission from the District and shall then be responsible for any needed permitting or review by Sarasota County and SWFWMD. The goal of permitted trimming and/or removal, where warranted, is to minimize disturbance to these areas.

If a tree does fall onto another's property, that property owner has the right to cut back or limb the tree as necessary to their individual property line. The rest of the tree is to be left as is. This would also pertain to normal maintenance, which would allow an owner to trim back any encroaching vegetation to their property line. No one can encroach upon the natural areas for any reason, including maintenance or the placement of personal property of any kind.
